(3) Victory Medal,

(4) Mercantile Marine Medal.

Very fine. 4

∵ *Lieutenant Smith was in command of S.S. "Otaki", whose armament consisted of one 4.7in. gun for defensive purposes, when, on the 10th March 1917, she encountered the disguised German raider "Moewe" which carried four 5.9in., one 4.1in., two 22 pounder guns and two torpedo tubes; but when called upon to stop, Lieutenant Smith refused to obey, and a duel ensued at ranges of 1900 to 2000 yards.*

During the action the "Otaki" scored several hits on the "Moewe", causing considerable damage, and starting a fire which lasted for three days. She received much damage herself and was heavily on fire.

Lieut. Smith, therefore, gave orders for the boats to be lowered to allow the crew to be rescued. He remained on the ship himself, and went down with her when she sank, the British colours still flying.

PRICED CATALOGUES

of Coins and Medals.

AFTER each sale these catalogues are issued with the prices realised printed in the margin opposite each lot, thus giving at a glance a reliable guide to values.

The final test of value must always be auction prices rather than the figures given in books of reference for changing times and fashions soon render the latter obsolete and misleading.

On the average we issue twelve Coin and Medal catalogues a year, some of which are usually of sales of important collections. The **priced catalogues** are posted to subscribers as soon as ready, usually about a week after the date of sale and the subscription is . . . .
